MEMORANDUM FOR: Assistant Director for Research and Reports

THRAIGH:

Chief, Economic Research, Offic

THROUGH:

Chief. Industrial Division, CER

SUBJECT:

GIA/RR-G-15. Comments on.

1. It is noted that subject report contains a section on shipbuilding (Section III D) based primarily, according to the report, on CMI Port Series Study 46-62.

- 2. This ONI report is actually the draft of Section (4E MIS-26 submitted to ORR for review in February 1955. Review of the dreft by OHR disclosed so many errors and deficiencies that in June CMI requested that the draft be returned for a complete rewrite. By that time CMI Fort Series 46-62 had been published - a word for word copy of the HIS draft which was withdrawn. The shipbuilding section of the subject document unfortunately reflects some of the errors in ONI 45-62.
- 3. This branch has prepared and published a study of the principal shippard in the Arctic Area, (Moletovsk Shippard No. 402, PR 70). This study apparently was not consulted in the preparation of RR-C-15.
- 4. In view of the above it is suggested that corrections be made in RO-G-15 Section III D and that the corrected section be coordinated with this branch prior to publication.
